CENTRAL INTELLIGENCE AGENCY

- 2 -

As of October 1949 (prior to the replacement of the SMA by the SKK) UVD control over the German police had been both official and direct. The UVD determined the composition, the strength and the charter of all Sevzon police agencies; the Ordinary, Para-military, Criminal, Political, Border, Fire-Fighting, Railway and Waterways police. This report specifies the UVD section responsible for each type of police organization prior to replacement of the SMA by the SKK in November 1949. After this date, reports concerning the organization of (UVD or JVD) and functions of the UVD were not submitted in any detail. One report states that on Land level the UVD will be represented only by liaison officers on temporary duty from their Potsdam Hqs. This would tend to indicate that the UVD (or OVD) function is now limited to its central Hqs and to the issue of basic official Soviet orders to the highest German authorities controlling the German police force.

1. In October 1949 the UVD/SMA was headed by Maj. Gen. Sergei Gorokhov. His deputy was Col. Dallada and his political affairs deputy was Col. Zhukov. His personal adjutant was Capt. Nikolsky.

2. UVD sections which exercised control over the German police were as follows:

a. Section 1, Branch 1 controlled the German Criminal Police (Kriminalpolizei) and presumably that section of it which was concerned with political matters, i.e., the K-5 or K (D).

b. Section 1, Branch 2 controlled the Ordinary police.

c. Section 1, Branch 3 controlled that section of the German police which was concerned with the issue of the German identity documents.

d. Section 1, Branch 4 controlled the German Fire-fighting police.

e. Section 2, Branch 1 controlled the German Border Police.

f. Section 2, Branch 2 controlled the German Railway and Waterways Police.

g. Section 3, Branch 1 controlled the training units of the German Para-military police.

h. Section 3, Branch 2 controlled the issue of supplies to the German police force.

3. In addition to these sections, [] the "General" Section and the Archives, POW, German Police Personnel, Information, and Auto-inspection branches of the UVD without specifying their exact activity. It is not clear whether the sections named account for all the UVD sections as they existed in October 1949.
